Super Hero Treasure Hunt Live and Online - event, resource.

If you have a printer available at home just print out the 5 x A4 clue cards on paper - so your children have a visual to look for in the treasure hunt part of the event fun - if you don't have a printer we provided separate outline options to draw or copy.

We do a riddle clue to find each of the 5 clue sheets:

Superman
Spiderman
Batman
Captain America
Flash

You need to put these in view - pinned to the wall or on a shelf or similar - within 30-45 seconds looking time of where in your house you will watch the online video stream. You can hide extra treats with them if you wish. Captain Pow will ask if the children were able to find the clue points and note the letter shown. You can of course help little ones with the letters and what it spells during the game.
