Snowman Adventure treasure hunt Live and Online - event, resource.
If you don't have a printer available at home just draw a representation of the following 6 clues so your children have a visual to look for in this part of the event fun.
You could trace them on a screen or just free-hand your best go and you can name them too.

We do a riddle clue to find each of the 6 clue points:

Hat - Also write on this the letter "E"
Carrot - Also write on this the letter "L"
Scarf - Also write on this the letter "C"
Holly -Also write on this the letter "I"
Christmas tree Also write on this the letter "C"
Santa - Also write on this the letter "I"

You need to put these in view - pinned to the wall or on a shelf or similar - within 30-45 seconds looking time of where in your house you will watch the online video stream. You can hide extra treats with them if you wish.
Jolly Shivers will ask if the children were able to find the clue points and note the letter shown. You can of course help little ones with the letters and what it spells during the game.
